ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"PAPE'S DIAPEPSIN" FIXES
SOUL, GASSY, UPSET STOMACHS
ACID IN FIVE MINUTES.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas, an eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin; then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out of order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

America has lately imported the name "hecker" from England to apply to a lively specimen whom we have always had with us.

SAYS WE BECOME CRANKS ON HOT WATER DRINKING

HOPES EVERY MAN AND WOMAN
ADOPTS THIS SPLENDID
MORNING HABIT.

Why in man and woman, half the time, feeling nervous, despondent, worried; some days headache, dull and unstrung; some days really incapacitated by illness.

If we would all practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy, complexion, we should see crowds of happy, healthy, rosy-checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

AUSTRALIA DEFEATS CONSCRIPTION EFFORTS

Analysis of Incomplete Returns Shows Women Gave Odds in Favor.

MELBOURNE, Nov. 1.—Analysis of incomplete returns on the referendum vote on conscription showed Australian women voted heavily in favor of sending their sons and sweethearts to war. A slightly larger percentage of women than men voted against the conscription. The difference was very small.

Australian farmers really defeated the measure. They voted overwhelmingly against it, fearing a shortage of farm labor. The latest returns show a majority of eighty-one thousand against conscription, with three hundred thousand votes to be counted. The soldiers votes have not been counted. They will vote heavily for conscription. It is not expected their ballots will offset the anti-conscriptionists' lead, however. Figures today show eight hundred and ninety-two thousand ayes, nine hundred and three thousand noes.

TURKISH TOBACCO WORTH \$1,000,000 ARRIVES

British and Bulgarians Give Permits for Export of Crop in Kavala District.

NEW YORK, Nov. 2.—Twenty thousand bales of Turkish tobacco, valued at \$1,000,000, the first large shipment to reach this country since July, arrived at this port late Thursday on the Greek steamer Charlton. It was principally consigned to the Standard Commercial Tobacco Company of New York and came from Kavala, Greece, the port of which is blockaded by the British. The town is in possession of the Bulgarians.

Both the British and the Bulgarians gave permits to remove the tobacco, and the latter also agreed to allow 75 per cent of all the crop in the Kavala district to be exported to neutral countries, the remaining 25 per cent to be purchased for Bulgaria and Germany.

Quaker Oats

The Extra-Delicious Vim-Food
Flaked from Queen Oats Only

All the world over, Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from queen grains only—just the big, plump, luscious oats. No puny, starved grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

Pettijohn's

Rolled Wheat with 25% Bran Flakes
A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It means better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in savory flakes of wheat. The food is a morning dainty which everybody likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.

Noted Meteorologist Dies.

WASHINGTON, Nov. 2.—Prof. Cleveland Abbe, one of the best-known meteorologists of the United States, and known as the father of the weather bureau, died this morning at his home in Chevy Chase, Md. He was 78 years old.

Prof. Abbe entered the weather bureau service in 1870 when it was a branch of the army. He was the author of many innovations in the weather service and it was largely through his efforts that the monthly international meteorological bulletin was established.

THEODORE MEANS 'GIFT OF GOD'

"No Wonder God Gave Him Away" Says Professor, Referring to T. R.

NEW YORK, Nov. 2.—Prof. Shaw, who occupies the chair of philosophy in New York University, is head of the University Wilson Club. He dislikes Col. Roosevelt.

To his class in philosophy Friday, Prof. Shaw put this question:

"Does any one know the meaning of the name 'Theodore'?" Col. Roosevelt's given name?

"It means 'gift of God,'" a student replied.

"Correct," said the professor. "Personally I do not wonder that God gave him away."

Citizen soldiers will soon take off their uniforms and like other citizens, put on their wooliest underwear.

Blanche Sweet has a lot of fun in the studio making up in different characters and fooling her co-players. Recently Theodore Roberts shaved off his beard and pulled a good one on her, and just when she came to the realization as to who it was the cameraman snapped the accompanying picture.
